YOUR GUIDE TO THE WORLD OF SONIC THE COMIC (STC) & SEGA. PRESENTED BY YOUR HOST, MEGADROID.

Hey, Boomers...

This issue of *STC* sees Sonic fighting for his life in the Arena of Judgement! Yes, the hedgehog who broke through the sound barrier is in deadly danger in the gripping concusion to the Evil Empire!

Robotnik's up to no good again with plans to flood Skegpool's beach with toxic waste - only this time it's down to Tails to head a clean-up campaign!

The Decappers are also in trouble as a mean trio of kidnappers descend on Castle Frank N Stein, and...

Amy and Tekno try to trace Shortfuse the Cybernik - but will he be happy to see them? As ever complementing your turbo-charged Sega strips is another Badnik Pin-up, plus an Outer Space Graphic Zone starring *your* far-out artwork. So dive right in at supersonic speed and I'll see you in a fortnight...

Megadroid

COMING TO A SHOP NEAR YOU - *STC'S* FRUITFUL ISSUE 112!

I make no apologies for saying this again - thank-you from the bottom of my circuit box to the many, many Boomers who take the time and effort to write to *STC*. Your views are vital to the comic, even if the humes around here are unfortunately unable to send personal replys (do you want us to have a social life? Don't answer that!).

However, proving again that *STC* does take note, your most requested characters in the Sonic and Sega universe are due to line-up in just a fortnight. That is there'll be an extra Sonic story, backed up by everyone's favourite flying fox, Miles Prower - that's Tails to you!

COOL RECEPTION!

Dear STC

As the comic is made up of great stories and brilliant artwork, I was delighted to discover that these contents were going to be printed entirely on recycled paper from issue 108. Guaranteed to make Doctor Robotnik blow his environmentally unfriendly big head! Incidentally, I hope that you keep on printing the Tails stories because they are my favourite

Robert McKeon, Prosperous, Co Kildare, Rep of Ireland.
Enamel Badge Winner.

What a silver tongued young hame you are Robert, and for that you get yourself a Badge

YOUR SPOT

Dear Megadroid

I noticed that in most Sega games the females are wearing hardly anything. Why? Not all gamers like me enjoy seeing half nude images of women dancing about the screen!

Aaron Hayden, Malvern, Worcs.
GG, MD & MS owner.
Enamel Badge Winner.

Absolutely Aaron. If I had my way all of the game characters would be decked out in tropical clothing just like me. Alternatively, perhaps a few clothes designers should be hired!

RUSTY RUSE!

Megadroid

This is Doctor Robotnik, ruler of Mobius telling you that you are a mere rustbucket compared to my super troopers! It is useless to resist me as I have Badnik strike forces surrounding your planet However, I might consider going away if you make arrangements for me to star in my own comic

Ruthless Dictator, name & address not supplied.
Enamel Badge Winner.

Really I'm surprised you would waste your time writing to a what was it... "a mere rustbucket"
